**ARTICLE 2.000 BUILDING RELATED FEES**

**Sec. 2.100 Building Permit Fees**

(a) New Construction. Building permits shall be issued by the city secretary upon application therefor upon the payment by the applicant of the following fees:

- (1) One- and Two-Family Dwellings. Building permit fees shall be five cents (\$0.05) per square foot of gross building area under roof, inclusive of all stories but excluding unheated attached garages and covered porch or balcony areas. Building permit fees

for detached accessory buildings associated with one- and two-family dwellings shall be five cents (\$0.05) per square foot of gross building area under roof, including unheated areas. Building permit fees for additions to existing floor area shall be as for new construction except that the gross floor area of the addition alone shall be used to determine appropriate fees. The minimum fee shall be \$30.00; however, where more than one inspection is required an additional fee of \$15.00 shall be assessed for each such additional inspection.

- (2) New Construction Other Than One- and Two-Family Dwellings. Building permit fees shall be ten cents (\$0.10) per square foot of gross building area under roof, inclusive of all stories and covered unenclosed areas. Building permit fees for additions to existing floor area shall be as for new construction except that the gross floor area of the addition alone shall be used to determine appropriate fees. The minimum fee shall be \$30.00; however, where more than one inspection is required an additional fee of \$15.00 shall be assessed for each such additional inspection.
- (3) Plumbing, Mechanical and Electrical Systems. Permit fees for plumbing, mechanical, electrical and other systems associated with new construction shall be as set forth in this Appendix A.

(b) Renovation and Remodeling Permit Fees.

- (1) One- and Two-Family Dwellings. Building permit fees for renovation and remodeling of one- and two-family dwellings, as well as buildings accessory thereto, shall be set at \$1.50 per \$1,000.00 construction valuation or fraction thereof. The minimum fee shall be \$30.00; however, where more than one inspection is required an additional fee of \$15.00 shall be assessed for each such additional inspection.
- (2) Other than One- and Two-Family Dwellings. Building permit fees for renovation or remodeling of buildings other than one- and two-family dwellings shall be set at \$2.25 per \$1,000.00 construction valuation or fraction thereof. The minimum fee shall be \$30.00; however, where more than one inspection is required an additional fee of \$15.00 shall be assessed for each such additional inspection.
- (3) Stated construction valuations for purposes of determining applicable permit fees are subject to verification by the building official. Toward that end, the building official may require contracts, invoices, or other proof as necessary in order to determine the appropriate valuation. Where such proof cannot be readily obtained, the building official may assign a reasonable valuation for the proposed work, or may refuse to issue permits pending receipt of acceptable proof.

*Brownfield Code of Ordinances*

(c) Building Permit Valuations. The applicant for a permit shall provide an estimated permit value at time of application. Permit valuations shall include total value of work, including materials and labor, for which the permit is being issued, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If, in the opinion of the building official, the valuation is underestimated on the application, the permit shall be denied, unless the applicant can show detailed estimates to meet the approval of the building official. Final building permit valuation shall be set by the building official.

(Ordinance 1955 adopted 5/3/07)

**Sec. 2.200 Mechanical Permit Fees**

(a) The mechanical permit fee for renovation and new construction shall be the greater of thirty dollars (\$30.00) or \$0.03 per square foot of structure, whichever is greater.

(b) All other mechanical permit fees shall be thirty dollars (\$30.00).

(c) If work performed pursuant to a permit fails the initial inspection, a reinspection fee of \$30.00 shall be paid prior to a reinspection being performed. If the work fails inspection a second time, a fee of \$45.00 shall be paid prior to any reinspection. All subsequent inspections in excess of two shall be made only after the additional fee of \$45.00 is paid.

(Ordinance 1983 adopted 11/6/08)

**Sec. 2.300 Electrical Permit Fees**

(a) The permit fee for renovations and new construction shall be the greater of thirty dollars (\$30.00) or three cents (\$.03) per square foot of building or structure as calculated by the building official from the plans submitted. In all other cases the permit fee shall be thirty dollars \$30.00.

(b) If by reason of faulty work, negligence or omission or for any other reason a subsequent inspection must be made in excess of the rough-in and final inspection, a charge of ten dollars (\$10.00) shall be made for each inspection.

(Ordinance 1834 adopted 8/5/99)

(c) In every case in which a permit is required to undertake electrical work in, on or about any new construction or building renovation within the city, the permit fee charged shall be at a rate of three cents (\$.03) per square foot of building or structure as calculated by the building official from the plans for such building or structure. However, in no event may the permit fee charged

*Brownfield Code of Ordinances*

be less than thirty dollars \$30.00.

(d) If by reason of faulty work, negligence or omission or for any other reason a subsequent inspection must be made in excess of the rough-in and final inspection, a charge of ten dollars (\$10.00) shall be made for each inspection.

(Ordinance 1831 adopted 5/20/99)

(e) All structures moved into the city shall meet the provisions of this article and shall be subject to inspection. The structure owner shall remove adequate portions of the walls and ceilings to allow any required inspection. Structure owners may request inspection prior to placement within the city service area provided at least 48 hours advanced notice is given. In addition to all other applicable fees, there shall be charged for out-of-city inspections the following fees: Time: \$10.00 per hour; mileage: \$0.31 per mile; and meals: \$10.00 each. (Ordinance 1823 adopted 1/7/99)

**Sec. 2.400 Electric Meter Deposits**

Electric meters shall be installed by the City of Brownfield only upon payment of prescribed deposits. The amount of the meter deposit shall be determined by the city manager and shall be based on the estimated monthly bill or other pertinent factors. The minimum deposit for a residence is \$25.00 per meter and for a commercial or industrial customer, \$75.00 per meter. When a customer terminates electric service, the deposit shall be refunded after any unpaid utility bills including water, sewer, garbage and electric bills have been deducted. No deposit shall be refunded to anyone other than the person making the deposit or that person's legal heirs. No interest shall be paid by the City of Brownfield on the deposits.

(Ordinance 1823 adopted 1/7/99)

**Sec. 2.500 Right-of-Way Construction Permits**

All permits and reinspection fees for which no fee schedule has been approved or for each permit or reinspection not so listed in the approved fee schedules hereunder shall be issued upon the payment of a fee of five dollars (\$5.00). **Sec. 7.400 Pro Rata Charges**

(a) The City of Brownfield may extend water and sanitary sewer mains in the streets and alleys or easements, within and without the city limits of the City of Brownfield in order to permit connections by persons desiring and seeking water service and sanitary sewer service. A charge which shall be known as the "pro rata," shall be made against each lot or tract of land, and the owner thereof whose water or sewer service line shall be hereafter connected with any water main or sanitary sewer service main in the City of Brownfield, constructed or installed after the effective date of this article and the charge shall be at the following rates, which rates are a portion of the total cost of such water and sewer mains:

- (1) \$5.00 per front foot of the lot or tract of land to which water connections may be made.
- (2) \$5.50 per front foot of the lot or tract of land to which sanitary sewer connections may be made.

The above front foot rates shall apply to property fronting on streets in areas platted into the usual rectangular lots or tracts of land, with a depth not to exceed one hundred forty (140) feet. Where lots or tracts have greater depth than one hundred forty (140) feet from the front street line and are occupied, or are to be occupied exclusively as dwelling places, then the additional depth shall not be assessed unless property is later subdivided, requiring an extension of mains to serve same, then the terms of this article shall govern. Where lots or tracts are irregular in size or shape, then pro rata charges shall be based upon equivalent rectangular lots or tracts using one front foot for each one hundred forty (140) square feet of area, or the pro rata charges provided herein on the average frontage of such tracts, whichever is least.

(b) Where lots or tracts are intended to be used for business, commercial or industrial purposes and have a depth greater than one hundred forty (140) feet from the front street line, then the pro rata herein provided shall be paid on the frontage on all streets which the property may abut, minus one hundred forty (140) feet frontage for each corner of the property abutting a street intersection. Should said property be resubdivided whereby water main extensions are required to serve same, the terms of this article shall apply.

(c) Where water is to be used solely for firefighting purposes and the lines are not otherwise tapped for domestic, commercial or industrial uses, no pro rata charge will be required under this article.

(Ordinance adopting Code)

**Sec. 7.500 Sanitary Sewer House Laterals**

(a) The sanitary sewer house laterals shall be installed and paid for by the property owner under provisions of the city plumbing ordinance. Each house lateral installation shall be inspected by the city plumbing inspector and the owner thereof shall be required to pay an inspection fee for each installation. This inspection fee to be paid to the city at the time the plumbing permit is issued.

(b) If any house lateral installation requires the removal of any pavement within the limits of any public street or alley, the pavement within the limits of any public street or alley, the pavement shall be replaced by the City of Brownfield, Texas, and before any excavation is made in any paved street or alley, the property owner shall deposit with the City of Brownfield, Texas, \$2.75 per square foot which sum shall be used in repairing and maintaining said pavement.

Term of contract for flood lighting shall be for a period of not less than three years.

(g) Such rates and charges hereby fixed and prescribed shall be paid by the customers of the electric light and power system to the secretary of the city, before the 16th day after the billing date, which shall be the date such charges shall become past due. In the event any commercial user or customer does not pay the amount due prior to the date the charge shall become past due, then the city secretary shall add a five percent (5%) administrative charge to the amount to provide for the cost of collection.

(h) The city shall simultaneously collect all amounts due the city for services supplied by the electric light and power system, and shall refuse to accept partial payments for such service.

(i) In the event any user or customer of the electric light and power system does not pay charges within twenty-six (26) days of the date they become due and payable, the city secretary shall add the customers account to the "disconnect list." When the account is added to the disconnect list there shall be assessed an additional \$25.00 fee for accounting for disconnect list accounts. The fee is due whether or not payment is received prior to the account being physically disconnected. After the account has been physically disconnected there shall be assessed a \$50.00 reconnect fee which must be paid prior to the account being reconnected. If the customer requests that the account be reconnected other than during normal business hours then the reconnect fee shall be \$75.00. Upon payment in full of all charges and reconnect fees, service to a customer may be resumed. In the event both water and electricity are disconnected only a single reconnect fee shall be charged.

(j) No free service shall be allowed. The city, its agents or instrumentalities shall pay the same rates and charges herein provided.

(k) The connection fee applicable to users of the city's electric light and power system shall be not less than the actual cost to the city. No dual connections (being more than one user on a single line) shall be permitted.

(l) The electric light and power system shall be operated on a fully metered basis.

**Sec. 7.900 Sewer Connection and Sewer Service Fees**

(a) For the furnishing of sewer service and sewer connections by the city, the said services shall be charged for by the city in accordance with the rates hereinafter established and set out; and the following are established as the monthly rates to be charged:

- (1) Residential Users. A minimum charge of \$12.25 per month plus a charge of \$0.60 per 1,000 gallons of water used per meter, based on average water used during preceding months of November, December and January.
- (2) Multifamily. A minimum monthly charge of \$12.25 per unit plus a charge of \$0.60 per 1,000 gallons of water used per meter, based on average water used during

*Brownfield Code of Ordinances*

preceding months of November, December and January.

- (3) Commercial Users. The rates to be charged for sewer service for commercial users shall be a minimum monthly charge plus an additional charge based upon the water used per month by said establishment. The minimum monthly charge for each such establishment shall be \$15.05 per month. An additional charge shall be made for sewer service to each said establishment of \$0.60 for each 1,000 gallons of water used by said establishment each month.

(Ordinance 2066 adopted 9/10/15)

- (4) Shall there be an establishment, business or commercial, not using city water, or using city water for only a portion of its total water use, then the sewer rates for such establishment in excess of the minimum monthly charge of \$13.65 per month shall be based upon the estimated gallons of water used by said establishment as arrived at on a basis that is reasonable and fair to said business or commercial establishment and to the city.

(b) Billing.

- (1) Users will be billed on a monthly basis with payment past due sixteen (16) days after the date of billing. If the charges for sewer services are not paid within twenty-six (26) days after they become due, the city shall refuse to furnish water or sewer service to the account. Whenever the amount past due and delinquent account is paid, a re-connection fee shall be charged as follows:
  - (A) During regular office hours: \$25.00;
  - (B) After regular office hours and on Saturdays and Sundays and holidays: \$50.00.
- (2) In no event shall the re-connection charge for water services be less than the actual cost to the city for disconnecting and reconnecting water service. In the event the charges established in subsections (A) and (B) above are less than the city's actual cost, then the re-connect fee shall be increased to the city's actual cost of reconnecting the account.

(Ordinance 2023 adopted 9/15/11)

- (c) Charges for Cutting Pavement and Concrete. In the event that it becomes necessary to cut the pavement or concrete of any street, alley or sidewalk in connection with the installation or repair of sewer service, there is established a minimum charge of \$4.75 per square foot for

pavement cut or damaged and \$5.75 per square foot for concrete cut or damaged. However, in no event shall the fee for repairing pavement be less than the actual cost to the city for such repairs. In the event the \$4.75 charge or \$5.75 charge is less than the city's actual cost, then the fee shall be increased to the city's actual cost of repairing the paving or concrete cut.
